

# Integral Master Trust

Product Disclosure Statement  
For an offer of units in the Integral Master Trust

18 OCTOBER 2023

This Product Disclosure Statement  
replaces the Product Disclosure Statement  
dated 8 June 2021.

**Issuer** Britannia Financial Services Limited

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz). Britannia Financial Services Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013 (**FMC Act**). You can also seek advice from a financial advice provider to help you make an investment decision.

## Section 1

# Key information summary

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Britannia Financial Services Limited (**NZBritannia, us or we**) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of NZBritannia, its investment managers and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

Five investment options (the **Funds**) are offered under this Product Disclosure Statement (**PDS**).

These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at **Section 3** "Description of your investment options".

## Who manages the Integral Master Trust?

NZBritannia is the manager of the Integral Master Trust (**IMT or Scheme**). **Section 7** "Who is involved?" of the PDS has more information.

## How can you get your money out?

You may request a withdrawal in full or in part at any time by giving NZBritannia a redemption request form. The minimum withdrawal amount is \$1,000 (although we can waive this). Each Fund will normally pay a withdrawal within ten Business Days of us accepting the completed form but it may take longer in some cases (up to 60 Business Days).

In some circumstances, we may suspend or defer withdrawals where we consider there is a material adverse change in the position of a Fund or it is advisable in the interests of investors in the Fund.

**Section 2** "How does this investment work?" of the PDS has more information.

Your investment in the IMT can be sold but there is no established market for trading these financial products. This means you may not be able to find a buyer for your investment.

## How will your investment be taxed?

Each Fund is a Portfolio Investment Entity (**PIE**). The amount of tax you pay in respect of a PIE is based on your Prescribed Investor Rate (**PIR**). To determine your PIR, go to [ird.govt.nz/pir](http://ird.govt.nz/pir).

**Section 6** "What taxes will you pay?" of the PDS has more information.

## Where can you find more key information?

NZBritannia is required to publish quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [nzbritannia.co.nz](http://nzbritannia.co.nz). We will also give you copies of those documents on request.

\*A buy/sell spread is charged on each application and withdrawal and is paid to the Fund as part of the calculation of the unit price. Buy/sell spreads may be changed or imposed at any time, without notice, to reflect the Manager's assessment of underlying transaction costs. See [nzbritannia.co.nz/existing-investors/integral-master-trust-documents/](https://nzbritannia.co.nz/existing-investors/integral-master-trust-documents/) for current spreads.

\*\*The Defensive and Focused Growth Funds don't have a 5-year return history referable to their asset allocation. To calculate the risk indicators for these funds we used market index returns to 31 May 2021. The risk indicators may therefore provide a less reliable indication of the potential future volatility of the Defensive and Focused Growth Funds.

See **Section 4** "What are the risks of investing?" of the PDS for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your own risk profile at [sorted.org.nz/tools/investor-profiler](https://sorted.org.nz/tools/investor-profiler).

## Section 2

# How does this investment work?

The IMT is governed by a Trust Deed dated 14 April 2020 (as amended or consolidated from time to time). The Trust Deed appoints a Manager and Supervisor. **Section 7** has more details on their roles.

This PDS for the IMT offers units in the following funds:

### Diversified funds

- Defensive Fund
- Diversified 40 Fund
- Diversified 60 Fund

These Funds are built to capture varying amounts of return and risk. They invest in different proportions of cash, fixed interest and shares to meet varying investor needs.

### Asset class funds

- Focused Growth Fund
- Global Equities Fund

You can use asset class funds to increase the risk and potential return of your portfolio compared to that offered by the diversified funds.

When you invest money in one or more of the above Funds, you will receive units in the Fund(s) you choose. Each Fund pools the money received from all investors to invest in various assets. Each Fund purchases assets in a manner described in **Section 3** of this PDS. Pooling money in this way can enable investors to gain exposure to a wider variety of assets and provide greater diversity than they could achieve on their own. When you own units in a Fund, you receive a beneficial interest in that Fund and a right to the returns from the Fund's assets, but you do not own the underlying assets, and do not participate in management of the Fund.

Where you have invested in one or more Funds, you may wish to consider instructing us to maintain a stated proportion (an Investment Profile) of your investment shared between those Funds. We refer to this as rebalancing. Contact NZBritannia or your financial adviser for more information.

All units in a Fund have the same value, and that value can increase or decrease over time. We value the units daily by calculating a unit price.

The unit price reflects the value of the underlying assets each Fund owns. As the underlying assets increase or decrease in value, the unit price increases or decreases.

The value of your investment is the current unit price multiplied by the number of units you own. Taxes and fees can impact the unit price and the number of units you own.

The assets of one Fund cannot be used to meet the liabilities of another Fund.

IMT does not currently pay distributions. Income is reinvested in the Funds. You must sell some or all of your units if you wish to realise your investment.

The key benefits of investing in the IMT are:

- A choice of different asset blends to suit short, medium and long-term investment goals.
- Diversification i.e. spreading investments across asset classes and securities.
- The Funds are managed by investment professionals.

## Making investments

You can make regular or lump sum contributions by completing the appropriate forms (which can be found at [nzbritannia.co.nz/existing-investors/integral-master-trust-documents/](https://nzbritannia.co.nz/existing-investors/integral-master-trust-documents/)). There are no minimum investments but all initial applications must be provided through an approved financial adviser (unless we waive this requirement).

If you have instructed us to maintain an Investment Profile, we will invest any contributions in the Funds and proportions stated on your Investment Profile (although you can use the appropriate forms to instruct us to invest the contribution differently).

If you do not have an Investment Profile, you need to complete the appropriate forms to instruct us how to invest your money.

Contributions will be used to purchase units at the unit price for that Fund, adjusted for any applicable buy spread. If we accept an application before noon, the unit price used will be the one calculated for that Business Day. If accepted after noon, the unit price used will be the one calculated on the following Business Day.

## Withdrawing your investments

You can withdraw all or part of your investment in the IMT at any time by completing the appropriate forms (which can be found at [nzbritannia.co.nz/existing-investors/integral-master-trust-documents/](https://nzbritannia.co.nz/existing-investors/integral-master-trust-documents/)).

Withdrawals must be for \$1,000 or more unless you are making a full withdrawal. We can waive the minimum withdrawal amount.

Withdrawals will be paid using money received from the sale of units which will be sold at the unit price for that Fund, adjusted for any applicable sell spread and PIE tax payable.

If we accept a withdrawal request before noon, the unit price used will be the one calculated for that Business Day. If accepted after noon, the unit price used will be the one calculated on the following Business Day. We will generally pay withdrawals within ten Business Days, but it could take up to 60 Business Days in some circumstances. Some investors may be able to use the express redemption facility, which allows withdrawals to be paid more quickly. A maximum of \$50,000 can be withdrawn under the express redemption facility, and the amount withdrawn must be less than half your total portfolio. A \$20 (GST exclusive) fee will apply if you use the express redemption facility. Contact NZBritannia or your financial adviser for more details.

In some circumstances, we may suspend or defer withdrawals where we consider there is a material adverse change in the position of a Fund and it is advisable in the interests of investors in the Fund.

## How to switch between Funds

You can switch all or part of your investment from one Fund to another Fund. You can do this at any time by completing the appropriate forms (which can be found at [nzbritannia.co.nz/existing-investors/integral-master-trust-documents/](https://nzbritannia.co.nz/existing-investors/integral-master-trust-documents/)). We can refuse a switch request at any time without giving reasons.

Switches will be treated as a withdrawal from one Fund and an application for units in another Fund. This means a buy/sell spread may apply, and any accrued PIE tax may need to be paid.

## Section 3

**Note:** The Defensive and Focused Growth Funds don't have a 5-year return history referable to their asset allocation. To calculate the risk indicators for these funds we used market index returns to 31 May 2021. The risk indicators may therefore provide a less reliable indication of the potential future volatility of the Defensive and Focused Growth Funds.

## Responsible investment

Responsible investment, including environmental, social, and governance matters are considered when the Scheme invests your money.

You can obtain a copy of our responsible investment statement at [nzbritannia.co.nz/investments/esg-statement](https://nzbritannia.co.nz/investments/esg-statement).

We can change the statement of investment policy and objectives (SIPO) in accordance with the Trust Deed and the FMC Act. We will consult with the Supervisor before making any changes, and investors will be notified of any material changes in advance. Any changes to the SIPO will be advised in the Scheme's Annual Report. The most recent version of the SIPO can be found on the Scheme Register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz). Further information about the assets in the Funds can be found in the fund updates at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz).

## Section 4

# What are the risks of investing?

## Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

### Risk indicator example

The risk indicator for each Fund can be found in the table in **Section 3**.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [sorted.org.nz/tools/investor-profiler](https://sorted.org.nz/tools/investor-profiler).

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading "Other specific risks") that are not captured by this rating.

This risk indicator is not a guarantee of a Fund's future performance. The risk indicator is based on returns data for the 5 years to 30 September 2023.

While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each Fund.

## General investment risks

Some of the things that may cause the Funds' value to move up and down, which affect the risk indicator, are:

- **Market risk** – The value of a Fund can change due to factors that affect a particular financial market. This could include, but is not limited to, factors such as changes in economic conditions, interest rates, exchange rates, monetary policy from central banks, taxation, regulation, local and geo-political events, pandemics, investor sentiment, inflation; and broader events like changes in technology and environmental events.
- **Asset allocation risk** – Funds with a higher proportion invested in growth assets carry more risk than Funds that have a higher proportion invested in income assets. Short-term fluctuations in the value of Funds are common, particularly for Funds with a higher proportion invested in growth assets.
- **Liquidity risk** – This is where particular investments cannot be traded or accurately valued due to market conditions, which may also affect processing of Fund transactions, including withdrawals and transfers. This risk usually arises during periods of increased market volatility or stress.
- **Concentration risk** – This is the risk that the value of a Fund changes due to it having a high exposure to an underlying investment fund or specialist investment manager, specific company sector, country, region, or financial market, that underperforms.
- **Currency risk** – This is where the value of a Fund changes due to fluctuations in the exchange rate between the NZ dollar and other currencies. Currency fluctuations may also affect the value of assets transferred to or from the Scheme.
- **Investment manager risk** – Even though professional investment managers make the

investment decisions for the Funds, results can vary depending on the approach they take.

### Other specific risks

There are no other specific risks. Details of general risks can be found in the “Other Material Information” document on the Offer Register at **[disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz)**.

## Section 5

# What are the fees?

You will be charged fees for investing in the Scheme. Fees are deducted from your investment and will reduce your returns. If NZBritannia invests in other funds, those funds may also charge fees.

The fees you pay will be charged in two ways:

- **Regular charges** – for example, annual fund charges. Small differences in these fees can have a big impact on your investment over the long term.
- **One-off fees** – for example, buy/sell spreads.

### Annual fund charges

Fund	Annual fund charges (as a % of Fund value, excluding GST)
Defensive Fund	0.94%
Diversified 40 Fund	0.97%
Diversified 60 Fund	0.99%
Global Equities Fund	1.05%
Focused Growth Fund	1.40%

Annual fund charges comprise:

- Management fees paid to NZBritannia for the management of the Funds' assets;
- Underlying managers' fees and expenses; and
- Other administration fees, which include the Supervisor's fee, the Custodian's fee, the administration managers' fees (for registry, valuation and unit pricing services) and the estimated accounting expenses of the Funds.

We may also charge reasonable auditing and other professional services charges to the Scheme in the future. Currently we do not charge these fees, so the estimated fee for these professional services is nil.

Annual fund charges are calculated as a percentage of the Fund value of the relevant Fund. Currently, NZBritannia will pay the underlying managers' fees and expenses and other administration fees from the management fee - you are not currently charged for expenses and third-party costs in excess of the fees above.

You can elect to pay an agreed fee to your financial adviser in addition to the annual fund charges or there may be discounts to the annual fund charges. Your adviser will inform you if this applies to your investment.

The actual charges for the previous 12 months are available in the latest fund updates.

### Buy/Sell spreads

A buy/sell spread is charged each time you make a deposit or withdrawal. This additional charge is an allowance made for brokerage, underlying manager spreads and other transaction costs associated with buying and selling the investments of the Funds.

This cost is not paid to NZBritannia. It is paid to the Funds so that current investors will only share part (if any) of the transaction costs incurred when other investors apply for or withdraw units.

Buy/sell spreads may be changed or imposed at any time, without notice, to reflect the Manager's assessment of underlying transaction costs. For the most up to date spreads see [nzbritannia.co.nz/existing-investors/integral-master-trust-documents/](https://nzbritannia.co.nz/existing-investors/integral-master-trust-documents/).

### Example of how fees apply to investors

Jamie invests \$10,000 in the Global Equities Fund of the IMT. A buy spread of 0.16% is incorporated in the unit price that she pays for her investment. This equals \$16.

This brings the starting value of her investment to \$9,984.

She is also charged management and administration fees, which work out to about \$105 (1.05% of \$9,984). These fees might be more or less if her account balance has increased or decreased over the year.

#### Estimated total fees for the first year

Individual action fees	\$16
Fund charges	\$105

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Global Equities Fund. If you are considering investing in other Funds in the Scheme, this example may not be representative of the actual fees you may be charged.

### The fees can be changed

We can change these fees from time to time in accordance with the Trust Deed and applicable law. We can also add new fees, but all changes must be in accordance with the Trust Deed and all applicable law.

NZBritannia must publish a fund update for each Fund showing the fees actually charged during the most recent year. Fund updates, including any past updates, are available on the Offer Register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz).

## Section 6

# What taxes will you pay?

IMT is a Portfolio Investment Entity (PIE). The amount of tax you pay is based on your Prescribed Investor Rate (PIR).

To determine your PIR, go to [ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate](https://ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate).

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell us your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied.

If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as part of the income tax year end process. If the rate

applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

If the Inland Revenue Department believes the PIR you have provided is incorrect, it may provide a revised PIR for you. In that case we will need to use the PIR provided by the Inland Revenue Department. If you disagree with the Inland Revenue Department's assessment, you will need to resolve the issue with it before we will revise your PIR.

You will also need to provide your IRD number and any tax residency information we request. If you do not provide this information, we may close your investment.

## 4. Privacy and your personal information

This statement relates to the personal information that you are providing to the Manager by way of this application and any subsequent personal information which you may provide in the future.

The personal information you have supplied may be used by the Manager and Public Trust (and related entities thereof) for the purposes of enabling the Manager to arrange and manage your investment, and to contact you in relation to your investment.

The Manager will provide you (on request) with the name and address of any entity to which information has been disclosed.

Under the Privacy Act 2020, you have the right to access all personal information held about you by the Manager, and if any of the information held is incorrect, you have the right to have it corrected.

You acknowledge that you are authorised to provide personal information on behalf of the applicant and evidence of this authority is provided (in the case of a parent/guardian/other providing information about the applicant).

## 5. Declaration

I/we certify that I/we have received, read and understood the current Product Disclosure Statement and this application form in their entirety.

I/we hereby apply to invest and agree to be bound by the terms and conditions set out in the current Product Disclosure Statement, the Trust Deed and this application form.

I/we have read and agree to the terms outlined in **Section 4** in relation to the Privacy Act 2020 and my/our personal information.

I/we consent to NZBritannia using the information I/we supply to verify my/our identity in accordance with the requirements of the Anti-Money Laundering and Countering Financing of Terrorism Act 2009, and that NZBritannia may disclose the information to parties NZBritannia considers to be appropriate for this purpose.

I/we understand that the value of my/our investment is liable to fluctuations and may rise and fall from time to time.

I/we understand the manner in which the fees will be deducted from my/our investment.

I/we consent to the provision of information to me in electronic form to the extent permitted by law.

## Conditions of this Authority to accept direct debits

---

### 1. The Initiator:

- a. Has agreed to give notice to the Customer of the commencement date, frequency and amount of the direct debit no later than the day the direct debit is initiated. This notice will be provided in writing (including by electronic means where the Customer has provided prior written consent to communicate electronically).
- b. May, upon the relationship which gave risk to this Authority being terminated, give notice to the Bank that no further Direct Debits are to be initiated under the Authority. Upon receipt of such notice the Bank may terminate this Authority as to future payments by notice in writing to me/us.

### 2. The Customer may:

- a. At any time, terminate this Authority as to future payments by giving notice of termination to the Bank and to the Initiator by the means agreed by the customer, Bank and Initiator.
- b. Stop payment of any direct debit to be initiated under this authority by the Initiator by given in written notice to the Bank prior to the direct debit being paid by the bank.

### 3. The Customer acknowledges that:

- a. This Authority will remain in full force and effect in respect of all direct debits passed to my/our account in good faith notwithstanding my/our death, bankruptcy or other revocation of this Authority until actual notice of such event is received by the Bank.
- b. In any event this Authority is subject to any arrangement now or hereafter existing between me/us and the Bank in relation to my/our account.
- c. Any dispute as to the correctness or validity of an amount debited to my/our account shall not be the concern of the Bank except in so far as the direct debit has not been paid in accordance with this Authority. Any other dispute lies between me/us and the Initiator.
- d. Where the Bank has used reasonable care and skill in acting in accordance with this Authority, the Bank accepts no responsibility or liability in respect of:
  - The accuracy of information about direct debits on bank statements.
  - Any variations between notices given by the Initiator and the amounts of direct debits.
- e. The Bank is not responsible for, or under any liability in respect of the Initiator's failure to give notice in accordance with 1(a) nor for the non-receipt or late receipt of notice by me/us for any reason whatsoever. In any such situation the dispute lies between me/us and the Initiator.

### 4. The Bank may:

- a. In its absolute discretion conclusively determine the order of priority of payment by it of any monies pursuant to this or any other Authority, cheque or draft properly signed by me/us and given to or drawn on the Bank.
- b. At any time terminate this Authority as to future payments by notice in writing to me/us.
- c. Charge its current fees for this service in force from time to time.
