There are plenty of manuals and guides available online for Mainstays company products - a whopping 80+ for just 78 devices! To find the right manual, simply pick your device type from the list provided. What's more, all these manuals can be downloaded absolutely free, without any registration or fuss. You can also use our quick search feature to find popular and frequently downloaded manuals by users like you. For example, check out the Adjustable Shelves manual for Mainstays devices: it lists a maximum load of 35 LB (15.9 KG) on both top and bottom panels, with a recommended assembly crew size of just one person! It also takes about half an hour to assemble this beauty. And if you're in need of some extra parts or have any questions, don't hesitate to call our customer service hotline at 1-800-729-1569. In fact, we've got a whole section dedicated to interactive assembly instructions for your convenience - just download the free app and follow along! Remember, our toll-free number is always available from Monday to Friday between 9:00 am and 5:00 pm EST. Also, don't forget to check out our website's database for even more manuals - over 80+ and counting! And if you're in a hurry or need some extra help, use our quick search function to find the most popular and frequently downloaded manuals by other users. By the way, please take note of some important safety guidelines while using your Mainstays product: avoid harsh chemicals or abrasive cleaners, don't let kids climb on it, and move it carefully with two people. Easy peasy! ****Important Assembly Instructions**** ****Product Information**** * Model Number: MS95-020-095-01 (White), MS95-020-095-02 (Black), and others * Stock Number: MS17-020-095-01 * Made in USA ****Contact Information**** * Phone: 1-800-668-0490 (Monday-Friday, 8am-5pm EST) * Email: customer@homestarna.com * Website: www.fourstari.be ****Safety Precautions**** * Adult supervision is required due to small parts. * Assemble on soft surfaces to prevent damage to the product finish. * Make sure all parts are included before assembly. ****Assembly Tools Required**** * Rubber mallet * Screwdriver ****Parts and Hardware List**** * 12 pieces of hardware (sizes listed) * White glue * Wood dowels * Screws ****Step-by-Step Assembly Instructions**** 1. Connect long tube 1 to medium tube 2 without over-tightening. 4. Mount side bottom shelf G on top of side panel C using screws (5). 5. Attach foot 3 to long tube 1, taking care not to overtighten. ****Important Safety Information**** * This product is intended for use with specific weights and products only. * Do not use with heavier products or other items that may cause instability. * Furniture can tip over or break if moved improperly; have a friend help you lift and carry the unit. ****Missing Parts or Need Assistance**** If you're missing small parts or need assistance, contact customer service for free shipping within 48 hours. Provide your store name, purchase date, item model number, and SKU to receive the necessary hardware. ****Parts List**** Here's a list of all parts and hardware required: * Medium tube * Foot * Long tube * Side center shelf * Bottom back panel * Right side panel * D cross brace * Left side panel * Top panel with cap inserted * G side bottom shelf * Screws (5, 10) * 38mm screws (2 PCS) * 3.8cm foot (1 PC) ****Tools Required**** To assemble the desk, you'll need a screwdriver and rubber mallet. ****Warranty Information**** This product is intended for use with specific weights and products only. Use with other products or heavier items may result in instability and potential injury. Before assembling and moving your furniture, please exercise caution to avoid injury or damage. Assemble on soft surfaces to prevent scratches, and make sure all parts are included before starting. The manufacturer recommends adult supervision due to small parts and the potential for accidents during unpacking and assembly. Follow the provided instructions carefully, as they will guide you through the process step by step. To assemble the product: 1. Attach L-brackets to both crossbars using screws. 2. Attach a medium tube to an insert cap, being careful not to over-tighten. 3. Insert dowels into the top of side panels and attach them with glue. 4. Apply glue to the dowel holes and attach the side panels to the top panel. 5. Attach crossbars to the side panels using screws. 6. Attach L-brackets to the top panel using screws. 7. Attach a back panel to the side panels using screws. 8. Attach plastic feet with pins to the end of the side panels using a mallet. 9. Attach a center shelf to the side panel and attach long tubes to medium tubes, being careful not to over-tighten. Please note that you should consult the manufacturer's instructions carefully before starting the assembly process, and if needed, contact their customer support at 800-639-3803 or visit their website for assistance. 1. Attach the back panel (E) to side panels (B & C) using screw (5). 2. Place the plastic foot with pin (10) at the end of side panels (B & C) and secure with a mallet. 3. Install the side center shelf (F) onto side panel (C) utilizing screws (5). 4. Connect long tube (1) to medium tube (2), but avoid over-tightening. 5. Place the side bottom shelf (G) onto side panel (C) using screws (5). 6. Attach foot (3) to long tube (1), being mindful not to over-tighten. 7. Secure L-brackets (7) to crossbars (D) with screw (6). 8. Insert dowels (8) into the top of side panels (B & C) and attach using glue (9). 9. Place glue (9) into dowel holes and secure side panels (B & C) to the top panel. 10. Attach crossbars (D) to side panels (B & C) with screw (5). 11. Secure L-bracket (7) to top panel (A) using screw (6).
