*"I am Phoebe from China, studying Masters of Marketing at the University of Auckland.*

*The university pathway course I studied at the ELA was the Foundation Certificate in English for Academic Purposes (FCertEAP). The most beneficial part of the course was the second session, where we learned not only the use of academic English but also skills that are relevant to a university course.*

*Also, I was able to interact with my teachers and classmates in full English every day, which made me increasingly confident to speak English.*

*At the ELA, we can feel a strong sense of kindness and support. All staff care about every aspect of our study and life in a timely manner, which makes me feel at ease. The teachers were always like family and friends!"*
