"I studied at ELA for about 7 months, and I think their university pathway courses can assist students to better adapt their undergraduate and postgraduate studies in advance.

Also, the teachers at ELA are very patient and help me adapt to the new learning environment quickly and effectively. In addition to the EAP courses, ELA also offers some extracurricular activities, such as academic vocabulary and grammar workshops, and 1-on-1 tutorials.

I really enjoy the university pathway course at ELA, as it prepares students for their undergraduate or postgraduate studies in advance. During the course, I learnt many useful academic English skills, such as how to write citation and reference lists, how to avoid plagiarism and how to find academic articles."
