ABOUT KESEM

Kesem is the nation's largest nonprofit that serves children coping with a parent or caregiver's cancer diagnosis. Our mission is to support these children through and beyond their parent's cancer with free, fun-filled creative programs and a lasting community. Today, Kesem operates at more than 120 local chapters across the country, including in the District of Columbia.

Club Kesem [BETA] is an age-based, national virtual meet-up offered monthly for more connection opportunities from coast to coast for children and youth experiencing a parent's cancer. This virtual program brings the Kesem community to children's homes, where they can participate in interactive activities and discussions with other kids. The program is offered by the national Kesem organization and staffed with alumni and student volunteers nationwide.

PROGRAM ELIGIBILITY
