The 45-minute-long episodes (including advertisements) were broadcast on Monday nights. The series started on 30 October 2006, with the final programme broadcast on 18 December 2006.[1][2] Each episode explained a sex position and covered a sexually transmitted disease. Additionally, the following topics were discussed: sex among people with disabilities and overweight people, penis enlargement devices, penis enlargement surgery, sexual violence against men and penis removal, tantric sex, the g-spot, erectile dysfunction, sex reassignment surgery, cosmetic surgery of the vagina (labiaplasty), swinging, lichen sclerosus, the use of recreational drugs during sex, male homosexual sex in public toilets, full body plastic wrap bondage, and sex dolls. The programme included close shots of the male and female body as well as footage of sexual intercourse and ejaculation filmed with an internal camera placed inside the vagina. These scenes were filmed starring English-born pornographic actor Stefan Hard and Australian-born pornographic actress Elizabeth Lawrence.[1][3] A second series was not commissioned in 2007 or subsequent years (with repeats until 2014).[citation needed] Episodes Episode Topics Original Air Date 1 Female Squirting Orgasm Oral Stimulation of the Penis Position: Missionary Inside the Vagina Sexually Transmitted Disease: Gonorrhea Sex and Overweight Lesbian Sex 30 October 2006 (2006-10-30) 2 The Clitoris Position: Doggy style Penis Enlargement Sexually Transmitted Disease: Human Papilloma Virus Reconstructing the Penis after Injury Oral Stimulation of the Vagina 6 November 2006 (2006-11-06) 3 The G-Spot Sexual Role-Playing Position: Side Slide Sexually Transmitted Disease: Chlamydia Sex with Small Penis Sex During Pregnancy 13 November 2006 (2006-11-13) 4 Male Masturbation Position: Reverse Cowgirl Sexually Transmitted Disease: Peyronie's disease Sex When Disabled Female Multiple Orgasms Sex and Drugs 20 November 2006 (2006-11-20) 5 Tantric Sex Position: Spoons Erection Problems Sexually Sensitive Areas of the Skin Sexually Transmitted Disease: Syphilis Anal Sex 27 November 2006 (2006-11-27) 6 Group sex Position: X Sexually transmitted Disease: Lichen sclerosus Vibrators Mummification (bondage) 4 December 2006 (2006-12-04) 7 Aphrodisiacs Position: Splitting the Cicada Sexually Transmitted Disease: Pubic Lice Sex at a Higher Age Sexual Fitness Cottaging 11 December 2006 (2006-12-11) 8 Vaginal Reconstruction Position: Lotus Transsexuals Sperm 18 December 2006 (2006-12-18) [4] Ofcom complaints 21 people complained to the national television regulator, Ofcom, that the explicitness of the sexual scenes breached obscenity and broadcasting regulations, and that the series imparted "inappropriate information to vulnerable young girls". Ofcom ruled that there was no rule banning the showing of genuine sexual acts on free-to-air television, and that "in [their] view the portrayal of sex in this programme genuinely sought to inform and educate on sex", concluding that "whilst the visuals were explicit at times, nothing was transmitted in a manner that could be construed as having the potential to harm people under the age of 18", particularly given its context as a serious factual programme, and as such, it was ruled that the episodes were not in breach of any broadcasting regulations.[3] References ^ a b "Let's talk about sex; Best of this week's TV.
