House of kolors kandy paint chart

House of kolor uk. House of kolor candy chart. House of kolor kandy paint chart. House of kolor kandy red. House of kolor candy blue.

House of Kolor is a renowned brand in the custom candy paint colors industry. Their high-quality paints and finishes allow car enthusiasts and professional painters to achieve unique, one-of-a-kind looks. The company's popular candy color range features vibrant, translucent colors that create depth and richness. To help customers choose the right shades, House of Kolor provides a handy candy color chart. To make the most of this tool, we've put together a comprehensive guide comparing Cande Shop vs House of Kolor candy color charts. This post will cover what each color is, its tone, and which Cande Shop color matches the House of Kolor product. In this guide, you'll learn how to apply candy colors for the best results and become a candy color expert ready to take on your next custom paint job with confidence. Let's dive in and explore the world of color in depth! The comparison between Cande Shop and House of Kolor starts by asking what Cande Shop color matches the House of Kolor product. The chart allows you to find the comparable color by looking at the Cande Shop side. Keep in mind that these colors won't be exact matches, so don't use Cande Shop colors as a substitute for repairing a House of Kolor Kandy. You'll also notice that we have many unique colors that they don't have. With Cande Shop, you can create even more colors by mixing their colors together. Want to create a darker red or burgundy color? Try adding Cinnamon to Apple or Cranberry, depending on if you want a pinker burgundy or not. You are the chef with Cande Shop - they give you the most concentrated candy color.
