A complete list of restricted items can be found on the UPS site under "Prohibited or Restricted Commodities." International orders may take 3-9 business days for processing depending on receipt at the UPS i-Parcel Facility. At checkout, duties and taxes will be calculated and must be paid in advance. These fees vary based on product ordered and local government rates. A guide to fashion drawing for all levels of students, "9 Heads" teaches realistic and attractive drawing techniques. The book provides a simple system for creating clear and accurate drawings, covering fashion topics, terminology, and current trends. Given article text here This edition of the book has been expanded to cover all aspects of modern fashion drawing, from beginners to advanced levels. It delves deeper into men's and children's fashion, providing a more serious approach. The chapter on drawing clothing on the figure has been completely revised and updated, along with a new chapter on fabrics that shows how to accurately depict them in drawings. Additionally, a new appendix featuring hundreds of flats of modern garments adds value to the book. With improved quality compared to other books on the market, this title is ideal for those who need to learn the basics of fashion drawing quickly and efficiently. Superb! I took a course where the instructor recommended this fantastic book! February 4, 2013 - January 18, 2014 This outstanding illustration guide offers exceptional images and even better instructions. The fourth edition released in 2013 is even more impressive. April 12, 2014 I love this book! It features great style, not overly stretched proportions for fashion, and rich details. August 29, 2014 From proportion to scale and anatomy, this is truly exceptional. Ideal for mastering the details of fashion-friendly faces and hair. -- Get insights and learn more about design here! This measurement is 9 heads tall from the top of the head to the ankles, making it much more elongated than the average woman. The feet are excluded as they can vary in height depending on shoe and heel type. A 9-heads model exaggerates proportions to display clothes in an elongated and dramatic scale. Fashion models should have diverse body shapes, so I encourage you to adapt your croquis accordingly. --- This tutorial will teach you how to create the 9-heads croquis (with proportions taught in fashion colleges) but you can adjust them later to fit your target audience. Over the past two decades, since I was fortunate enough to take her class; the lessons she taught me have been invaluable in my creative process. Her work is not only rigorous in technique but also exquisite in design, teaching the fundamentals of draftsmanship and training the eye. -- Whether you're working on-set, on-location, backstage, or in a boardroom, Nancy Riegelman's incomparable library will become touchstones you're certain to return to again and again. - Robert Barr, Creative Director I studied fashion illustration at FIT. I had some wonderful teachers and then went back to India where by chance I met Nancy Riegelman who was a Fulbright scholar living in the same building. When we realized how gifted she was, she took private drawing classes for me and a friend of mine, really teaching us how effortless it was to draw using the weight of the body and understanding its balance with nuances. -- Nancy is an artist and idealist, passionate about everything she does. Those classes were invaluable to my 30 years of illustration, and her book 9 Heads has become a staple in our rather substantial library at the Studio. Wish her much luck in spreading the gospel around the world. I hope we don't lose the power to draw and give up that pleasure to a computer. --Tarun Tahiliani, Fashion Designer SERIOUSLY? This book is absolutely incredible. Everything you can possibly need as a resource for helpful tips and instructions on fashion illustration are included here! book. I just found EVERYTHING! Even step-by-step instructions for 9 head proportions in male croquis. This book has everything, from finishes to fabrics, garments, and more, all with detailed instructions. I love it and think it's worth every penny. If you're a design student, consider this an investment in your career. You'll keep it forever! --D.
