They discussed their anticipation for the 42nd annual ceremony set to take place today at 9 p.m.Warren highlighted Blossom's past achievements, including her win for Best New Starlet in 2022 and praised her acceptance speech, saying it was the second-best he had seen after Abella Danger in 2016. Blossom recalled promoting the event for her first year and jokingly expressed a desire to collect every award in the industry.Knight explained that her online persona "OnlineGirl_" was more than just a name, as she felt connected with her fans during live streams. Warren pointed out that Knight had protested her choice of alias, which isn't distinct from other online personas."some people want everything right?"a joking reference to a previous statement"but i'm not that competitive." first time nominated; second time won; third time hosting. i love our girls' community on myfreecams. everybody wants to be a star, and i don't need to prove it twice. asking fans to vote for me was out of my comfort zone. honestly, it was nice going on stage, with all the girls cheering and screaming. there was no jealousy, no "that bitch won." blossom said angela white gave her tips for avn expo, including encouraging fans to check website and put best foot forward. she signed every day, a different outfit every day. my brother came with me, took pictures every daypeople asked if he was my real brother. it was fun. before i was super-nervous, but i kept going: focus on fans. focus on fans. now i try to change other people's perceptions of expo: when they're like "too many guys" i tell them get stickers, get qr code. i try to help them out. inspire younger girls to step it up. sign all day. i signed seven hours today, i'll sign seven more hours tomorrow. we've got a line of people. we're selling fleshlights." blossom said when avn awards show producer gary miller called to ask her to host the show, she was watching a formula one race on tv. "i said 'come again'?" it made me very happy and of course i said yes. it was a happy moment. blossom said she was in corsica shooting for vixen when miller called. she was shooting b/b/g, my first time on camera with two guys, and we start the scene and my pelvic floor cramped up. when the scene finally ended, miller called "and i'm like oh shit what the fuck did i do are they going to take [the award] away?" i honestly thought i was in trouble.Warren's conversation with Pistol and Alexis Texas touches on the risks of fame in the adult entertainment industry. Warren, in character as Blake, reflects on her own career trajectory, noting that she didn't have the same level of preparation as some of her peers. Warren attributes his laid-back attitude to not wanting to "trip over his words." The discussion is interrupted by Blossom's question about the alleged "Best New Starlet Curse," a supposed phenomenon where actresses' careers decline after winning the award. Warren suggests that this curse may be more myth than reality, citing examples of women who have defied it. Blossom responds enthusiastically to the idea, suggesting that it sparks fan interest and engagement. She whispers to Warren about the curse in a flirtatious tone, with photo credit given to Jeff Koga/@kogafoto.
